**CONY ISLAND BEACH MUST "COME CLEAN"**

Squatters on State Property Between High and Low Water must "Move or Be Moved."

New York, Aug. 5.—The prospect of having a small army of State employees descending upon them with axes and crowbars to tear down their illegal buildings, boardwalks and peanut stands is facing the Coney Island property owners who are occupying the beaches between high and low water mark.

It was stated at the attorney general's offices at 229 Broadway, Manhattan, today, that not later than Monday notice would be served on the bathing establishments and other Coney Island and Brighton Beach concerns who are occupying State property, that they must remove everything between high and low water mark, or the State will remove it for them. Reasonable time only for the removal of buildings and other structures will be allowed, after which "summary measures" will be taken.

An injunction against the State will be of no use to the owners of such structures, the attorney general believes, because the notice is merely an enforcement of the decision of the Court of Appeals. They will begin at Brighton Beach, where admission to the sand is now being charged, and will make a clean sweep through the whole island.

**MOOSE CHAIRMAN URGES FLOCK TO BACK HUGHES**

Raymond Robins, One-Time Progressive Democrat, Issues Call for Support of G. O. P. Leader.

(By the International News Service.) Chicago, Aug. 5.—Declaring that the primary and regular vote in 1914 and 1916 showed that the Progressive voters had "deliberately and in overwhelming numbers abandoned the Progressive party," Raymond Robins, one-time Progressive Democrat and chairman of the 1916 Progressive convention, issued a statement today urging all Progressives to support Charles Evans Hughes for the Presidency.

The statement is addressed "to my fellow Progressives" and says the fact that nearly three-fourths of the Progressives of 1912 refused to support the Progressive candidates in 1914 proves that they regard the Progressive candidates "as the representatives of a protest, and not of a party."

He flays the Democratic administration in Illinois and declares that "the Progressive-Democrats of Illinois are a heart-sick minority." "For myself, he said, I gladly enlist with the great majority of the Progressives of the nation under the leadership of Charles Evans Hughes."

**GEM THIEF CAPTURED IN EXCITING CHASE**

Policemen and 500 Bystanders Stage Comic "Movie" Hunt as House-breaker Flees Through Streets.

Special to The Washington Herald. New York, Aug. 5.—When Charles Lyons, a real estate dealer, of Crampton Court, No. 35 Fourth street, Brooklyn, returned home with his wife late yesterday afternoon they met a stranger coming out. Mr. Lyons remained at the door, watching the man, while his wife went upstairs.

Mr. Lyons cried from a window to her husband that they had been robbed. Mr. Lyons chased the stranger. Motorcycle Policemen Killen and Dougherty and others joined as Lyons shouted "thief," and soon 500 were in pursuit. On Second street the fugitive leaped the fence of a lot, where the policeman caught him.

On the man, the police say, was \$700 worth of jewelry, which Mr. Lyons identified as his. At the Fifth Avenue Station the prisoner said he was Harry Frank, 29 years old, No. 237 Fifth street, Brooklyn, which the police say is a notorious address. He confessed, said Lieut. Dooley.

**BLUSHING BRIDE ASKS \$50,000 UNBLUSHINGLY**

Victim of Bridegroom Loss Determines to Have and to Hold—Or Sell!

Special to The Washington Herald. Brooklyn, N. Y., Aug. 5.—Mrs. Mazie Keenan Leigh, the Brooklyn stenographer who eloped last February with Douglas B. Leigh, son of a retired merchant of Nutley, N. J., and who later declared her parents-in-law had spirited her husband away, yesterday filed a joint alienation suit against both.

The action was brought in the Supreme Court, Brooklyn, and became public when Justice Benedict signed an order permitting Mrs. Leigh to serve the defendants, Mr. and Mrs. William S. Leigh, by publication. They are living outside the jurisdiction of the court.

Following the ceremony Leigh took his bride to her parents and then sought his own in the hope that they would forgive him. They did not, and that was the last Mrs. Leigh saw of her husband.

**GASOLINE SELLS AT \$1 GALLON IN ITALY**

Price of Fluid Shows 100 Per Cent Increase and Auto Sales Are Falling Off.

Rome, Aug. 5.—The price of gasoline in Rome recently was \$1.50 a gallon. Now it can be bought at retail for \$1 a gallon. Even this represents 100 per cent increase, and consequently only a few score unfortunates are seen outside the garages, which fluctuate but remains high. Italian importers of and dealers in American automobiles are not greatly exercised about the decree put in effect about a month ago prohibiting the importation of machines except for the government.

It is a mooted question whether deposits made on the purchase of foreign automobiles will be considered part payments or merely guarantees.

**WHITE UNIFORM SEASON OPENS AT FORT DANCE**

Open season for white duck uniforms, for militia officers at Camp Ordway, was ushered in by the third joint dance of the militia officers and the officers of the Second Cavalry, held last night in the Administration Building at Fort Myer. In new dazzling white uniforms, with gold emblems, the officers danced to the music of the Third Infantry Band. Brig-Gen. William E. Harvey, commanding the militia, and Maj. Charles W. Fenner, commanding Fort Myer, were among those present. Maj. J. C. Whitaker was in charge of the arrangements of the dance.

**Three British Ships Sunk.**

London, Aug. 5.—The sinking of three British schooners, evidently by German submarines, was reported in two Lloyd's dispatches received at noon. The ships were the Demarion, of Weymouth; the Ermenio, and the Fortuna, of Truro.

**BELGIANS DRIVEN INTO PITS ON HORSEBACK**

Germans Revive Torture of Mazaepa in Conquered Land, Says Refugee on Noordam.

New York, Aug. 5.—German barbarism has harked back to the historic case of Mazaepa in devising methods of punishment for natives of "occupied" Belgium found guilty of offending against the Kaiser's military laws, according to stories told by sixty-five Belgian refugees who arrived here on board the steamship Noordam, of the Holland-America line.

The new punishment for such offenses is called the "Mazepa game," and consists in tying culprits to the backs of horses and running the animals to their deaths in deep pits, the story goes.

Mrs. A. Prisque, one of the refugees, declared that she had witnessed several instances of this means of torture which she described as horrifying. "Many Belgian youths have paid the penalty in this way for minor infractions against German military regulations," she said. "I have seen pits filled in this diabolical way until you could see the arms and feet of slain youths sticking above the ground."

"In most cases the horses chosen to carry the offenders to death are decrepit war animals who have outlived their usefulness in dragging artillery pieces or supply wagons."

**'CY' CUMMINGS SLATED FOR EXCISE BOARD**

Senate Will Confirm Appointment Despite Objections of Anti-Saloon League.

Andrew J. ("Cy") Cummings will be confirmed by the Senate as Excise commissioner for the District, Senator Jones announcing that he had withdrawn his opposition. The Anti-Saloon League was opposed to the confirmation because of certain activities of the appointee in Maryland excise matters. Senator Jones replied that if certain veiled charges were proven true he would block the appointment. The announcement indicates that they were disproved.

Senators Jones and Sheppard, both strong prohibitionists, will oppose the confirmation of Henry S. Baker, who was named as the third member of the Excise Board at the same time as Cummings.

**An End to the Curse Of Wearing Worthless Trusses****No More Rupture Troubles 60 Days Trial To Prove It**

You Don't Have to Risk a Penny. Here is something absolutely GUARANTEED to keep your rupture from coming out. And you can try it day-after-day for 60 days without having to risk a penny. If it doesn't hold—if it doesn't keep your rupture from bothering you in any way—then it won't cost you a single cent.

**The Only Thing Good Enough to Stand Such a Test.**

You know as well as we that you can't tell anything about a truss or anything else for rupture merely by trying it on. That's the worst of going to a drug store or local truss fitter's. A truss or so-called "appliance" may seem alright when you first put it on, and afterwards prove utterly worthless. The only way in the world you can make sure of exactly what you're getting is by a 60 DAYS TRIAL—A THOROUGH DAY-AFTER-DAY TEST. And our guaranteed rupture holder—the famous Clute Automatic Managing Truss—is the only thing of any kind whatever for rupture that you can get on sixty days trial, the only thing GOOD enough to STAND such a long and thorough test.

**Something Nothing Else Does.**

The Clute Automatic Managing Truss is so utterly different from anything else for rupture that it has received EIGHTEEN SEPARATE PATENTS. It provides the ONLY WAY EVER DISCOVERED for overcoming the WEAKNESS which is the real CAUSE of rupture. Just how it does that—entirely automatically—is all explained in the free book.

Will Save You from Operation. The Clute Truss has so thoroughly proved its merits that physicians in all parts of the world and surgeons in the U. S. Army and Navy now recommend it instead of operating. It has brought complete recovery in hundreds of cases after operation has proved a failure.

**No Belt or Leg Straps to Annoy You.**

That's why people who try this truss say it is as comfortable as their clothing. It is a war-proof will hold in the bath. Easily kept clean.

**Get World's Greatest Rupture Book.**

Don't send any money—just write for our free book and find out everything you want to know. Bound—96 pages—20 separate articles and 20 photographic illustrations. We will save you from being fooled and save you from wasting money. Explains why classic and spring trusses are a wicked crime—why the law should stop their sale. Exposes the humbug "appliance," "methods," "patents," etc. Shows why operation is often a needless gamble with death, and why, if a man manages to get well from the operation, he often has to keep on wearing a truss. And it tells all about the Clute Automatic Managing Truss and how you can try it sixty days and how little it costs if you keep it. Gives endorsements of over 5,000 people. Better write for the book today—it tells things you could never find out by going to doctors or drug stores. Simply use the coupon or say in a letter or postal "Send me the book."
